Virginia's future....
Let's give it our best.
Vote for Godwin for Governor.

Godwin
for Governor

We want our fellow voters in Appomattox County to know where we stand on the upcoming election for Governor of Virginia.

It's no secret . . . we're squarely behind Mills Godwin. And you should be too. The reason is simple - Virginia's future is at stake. And Virginia's future is our future too.

Today, Virginia is one of the best places in the nation to live. There will always be room for improvement, a need to continue building on the present for the future. But without the proper kind of leadership, our future could become a shambles within a scant four years.

It is essential that we elect an informed Governor who is sensitive to our problems, and who is capable of leading Virginia to a progressive future. Mills Godwin is such a man. He is a man of honor and integrity. His word is his bond. He does not change positions for political purposes. He stands on his convictions regardless of the consequences. During his term as Governor, Mills Godwin piloted Virginia through a long overdue "catch-up-move-forward" period which has Virginia emerging as a leader among states. We're all familiar with his many notable achievements for Virginia in areas of education, transportation, environment and economic growth.

But more important, Mills Godwin has addressed his efforts to the crucial issues facing Virginia today.

FORCED BUS/CONSOLIDATION: Unlike his radical opponent, Mills Godwin has always supported quality education for ALL without forced busing or illogical consolidation. He will continue to support neighborhood schools in the future.

RIGHT-TO-WORK: Mills Godwin will not allow a few radical politicians or union bosses from outside the state to destroy our healthy labor climate by tossing our right to work law out the back door. He will do everything in his power to preserve this law which is one of Virginia's biggest attractions to new and expanded business resulting in more jobs and better pay for all our citizens. Without this law we would not have Thomasville moving into Appomattox creating hundreds of jobs.

LAW AND ORDER: Mills Godwin stands for strict enforcement of the law and the prevention of crime. He wants criminals apprehended and convicted so that our homes, businesses and lives are safe.

TAXES: Mills Godwin is opposed to any increases in taxes and we quote, "I am opposed to higher taxes. As your Governor, I will do everything in my power to prevent any tax increase or any new taxes. In fact, I will work to reduce your taxes by seeing that every dollar is spent efficiently, on effective programs, and without waste."
